

SWAN VALLEY CIVILS PTY LTD

Information & Capability Statement

Company overview

Swan Valley Civils is a locally owned civil construction business based in Perth. With a focus on precision, compliance, and client collaboration, we deliver tailored excavation and site preparation services, that meet regulatory standards while supporting project success.

A practical, solutions-driven approach is taken on every project, with careful consideration given to the most effective methods to achieve safe, tidy, and efficient outcomes.

Guided by strong values of honesty and integrity, all personnel are carefully selected and vetted to ensure confidence and peace of mind on site. Our people, industry knowledge, and hands-on mindset form the backbone of the business.

Through consistent performance, hard work, and dedication, Swan Valley Civils is committed to building long-term relationships and establishing itself as a trusted provider within the civil and mining sectors.

Our values

People

We value our people and treat clients, partners, suppliers, and personnel with respect at all times.

Integrity

Trust and honesty underpin everything we do and form the foundation of our working relationships.

Collaboration

We work closely with clients and site teams to achieve aligned, efficient, and reliable outcomes.

Service

A practical, no-nonsense approach focused on what works best on site.

Delivery

Well-maintained plant and consistent standards ensure reliable, trouble-free outcomes for all parties.

Safety

We maintain a strong focus on safety through planning, risk awareness, and compliance with site requirements.
